Kilauea Again Active--Lava Is Flowing

Whiskey Was Very Bad But Cheap Claret Was Good

LIQUOR DEALERS ARE BEING ARRESTED

The Treasurer's Department has started on a raid of the various liquor dealers of the city who are selling adulterated liquor, regardless of the statute passed by the Legislature, at its last session. According to a statement made by Treasurer Campbell to a Bulletin reporter this morning, out of over thirty samples of whiskey obtained from various dealers in the city very few proved to be free from hidden substances. In the cheap claret, however, another story was found. This grade of liquor, which is popularly supposed to be composed mostly of acid and a little coloring, showed up remarkably well and only one sample was under the test, and this to such a small degree that it was hardly worth while making a test case of it.

United States, the certificate referred to in the preceding section shall be state, and the Treasurer shall pay the license for the sample obtained on presentation by him of the written order upon which they were obtained; and if so requested by the licensee, shall furnish him a copy of the report of the analysis.

Section 37.—If the certificate of analysis shows the samples to contain liquor which is adulterated, the Treasurer shall cause such licensee to be prosecuted and upon conviction thereof, such licensee shall be fined in a sum not to exceed \$500, and his license may be revoked and his bond forfeited.

Only one arrest was made this morning, that of Joe Clark, but according to Treasurer Campbell he swore to warrants for Condon, of the Greater New York Saloon; Harry Juen, Slug Loy and others.

NAOPIHI KILLS HIMSELF WITH A SMALL RIFLE

Despondency On Account Of Sickness Was Cause

Naopih, a Hawaiian about 47 to 50 years of age, committed suicide this morning at his home in the Kewalo district by shooting himself through the head with a 22-caliber rifle. Despondency on account of continued sickness is supposed to have been the cause of the deed.

The rifle used was an old affair of an antique type. The bullet entered the head just back of the right ear. Nobody saw the man shoot himself, but there were three people in the house when the deed was committed. The inquest will be held tomorrow evening at 7:30 o'clock.

TO BE TRIED IN IDAHO

WASHINGTON, D. C., Dec. 3.—The U. S. Supreme Court rendered a decision this morning that the trials of Meyer and Hayward, the two leaders in the Western Federation of Miners, charged with the murder of ex-Governor Steunenberg, shall be heard in Idaho.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

MORGAN TELLS OF BAND SITUATION

Prestige Won by Leaving San Francisco Fund Alone

COAST BUSINESS MEN APPRECIATED THIS

MORGAN WILL GIVE GOVERNOR A REPORT ON THE RELIEF SITUATION AS IT IS ON THE COAST

Jas. F. Morgan returned last Friday from San Francisco, where he spent several weeks. It was originally his intention to go to the City of Mexico, where he had heard a certain treatment could be found. In San Francisco he found out, however, that this treatment could not be had in Mexico, so he did not continue on his voyage. While in San Francisco Morgan was called to for information about the band, and took prompt action in the matter. This morning he gave the following interesting interview on the subject:

"On receipt of the cablegram from Mr. Peck asking me to find out about the band, I tried to locate it, and got in communication with people at Ogden and Reno, and through them and the Southern Pacific officials, I got in communication with Cohen and cabled the result here; that if the band came in the Korea, it might need assistance, but that if it stayed over it would return without such.

"On the arrival of the band in San Francisco Secretary Atkinson and I called in Cohen and the band boys. In talking with Cohen I reminded him of the fact that it would be to the advantage and the benefit of the Territory, if he returned the band without outside assistance. The following morning Cohen called on me and told me that he had arranged to return all the members of the band, and not call on public subscriptions or any relief fund for assistance.

"I was in communication with Mr. Peck, and I thought that if there was any fund being raised here or assistance being rendered, that I would certainly be notified of that fact. I did not receive any notice, but on reading the Chronicle on Saturday morning I saw that the sum of \$2250 had been raised here, and had been cabled to the Union Trust Co. of San Francisco, to see that the band was returned.

"I rang up the Union Trust Co., and asked what they intended to do. They told me they were trying to find the band, and were going to return it, and would not have anything to do with Mr. Cohen. I advised them to go a little slow on that proposition, as I was in communication with Cohen then, and felt that he might be in condition to return the band unaided, and that the subscribers to the fund should not have their money paid out when it might be possible to have Cohen fulfill his obligations and return the band. Certainly this could not be done without communication with Mr. Cohen.

"The result has justified my course and I had the satisfaction of seeing (Continued on Page 2)

Regarding The Prudential

The PRUDENTIAL stood first among the companies operating exclusively in the United States in the amount of insurance gained in its "Ordinary" department alone. This is a practical expression of the insuring public's approval of Prudential management and of its confidence in the Company.

Volcano Is In Action

(Wireless Special to Bulletin)
"Fire discovered in the crater of Kilauea yesterday. There is a slight flow of lava in the bottom of the crater.

The above wireless was received this forenoon by The Bulletin from its Hilo correspondent, George Lycurgas, the owner of the Volcano House, also received a wireless on the same subject. It was from Demosthenes, his manager, and read as follows:

Volcano active. Began Sunday morning. Lava running continuously.

DEMOSTHENES.

Old Kilauea has been absolutely quiet ever since the beginning of the year, when there was a small outbreak.

S. Supreme Court, Moody.

Resolutions To President

WASHINGTON, D. C., Dec. 3.—In Congress today brief resolutions were passed of inquiry into the dismissal of the colored troops by the President and were presented to him.

Hearing Postponed

SAN FRANCISCO, Cal., Dec. 3.—The arraignment of Abe Ruef and Mayor Schmitz has been continued till Thursday at their request.

HOLLISTER DRUG CO. ESTABLISHED 1879

LOCAL CONTRACTORS GET CHANCE TO BID

Leprosarium Tenders Are Postponed After Game Fight

MERCHANTS HELP AND McCLELLAN DOES TRICK

ARCHITECT CABLES THAT OPENING CANNOT BE CHANGED BUT CHANGE FOLLOWS NEVERTHELESS

The contractors of Honolulu today won a great victory, with the assistance of the Merchants' Association, by securing the postponement of the opening of the bids for the construction of the Federal leprosy buildings on Molokai.

The following cable was received this noon by the Merchants' Association from Geo. B. McClellan, which gives the contractors a chance:

"New tender has been secured for February. Plans and specifications will be forwarded by mail in the China."

The local contractors, in spite of the obstacles they met with, still make a valiant fight in order to be let in on the bidding for the construction of the Federal leprosy buildings on Molokai. Last Saturday Supervising Architect Taylor cabled from Washington that it was too late to change the arrangements made so as to give the local contractors a chance, but, undaunted, the contractors sought and received the aid of the Merchants' Association, which immediately sent a cable to its representative, George McClellan, to take a hand in the matter.

The whole history of the affair is told in the following correspondence, which includes the letters last passed between Lucas Brothers and the Governor, as follows:

Honolulu, Nov. 27th, 1906.
Honorable George R. Carter, Governor, Territory of Hawaii, Honolulu.
Dear Sir:—We are desirous of bidding on the buildings in the Leprosarium Station at Kalawao, but it will be impossible for us to put in our bid. (Continued on Page 5)

Brown's Lead Cut Down From Seven To Two Votes By Iaukea

LOST ONLY ONE VOTE IN THE SIXTH PRECINCT

The court commenced this afternoon on the recount of the Seventh, Eleventh, Twelfth and Thirteenth Precincts of the Fifth District. Judge Frear took the Seventh, Judge Hartwell the Eleventh and Judge Wilder the other two.

Three precincts were counted by the Supreme Court this morning in which Iaukea made a total gain of five votes, thus cutting down Brown's lead to two votes, instead of seven.

In the Sixth of the Fourth, where it has been alleged that the "endless chain" was used, the recount of the court proved very disappointing to Iaukea, as he had expected to make a decided gain. As it was, he made a gain of only one vote, as while the court refused to count three Brown ballots, they also turned down. In this precinct Iaukea was expected to gain enough to place him in the lead.

In the Eighth of the Fourth, the Democratic candidate made his first real gain. None of his votes were thrown out while three Brown votes were rejected by the court.

This cut down the Brown lead to three votes and a broad smile was seen on Iaukea's face for a moment.

The next precinct to be counted showed a gain of two votes for Iaukea, which made his total gain of the morning five votes.

The results of the count for the morning were:

SIXTH OF THE FOURTH.		
	Rejected	Official Recount, by Insps.
Brown	235	232
Iaukea	133	131
Blank	14	17
Rejected by court—Iaukea 2, Brown 3.		

SEVENTH OF THE FOURTH.		
	Rejected	Official Recount, by Insps.
Brown	143	140
Iaukea	152	150
Blank	3	11
Rejected by Court—Iaukea 2, Brown 1.		

EIGHTH OF THE FOURTH.		
	Rejected	Official Recount, by Insps.
Brown	150	150
Iaukea	150	147
Blank	4	6
Rejected by Court, Iaukea 6, Brown 1.		

When the Supreme Court opened its session this morning in the recount case the bags containing the ballots in four precincts were opened, those of the Sixth, Seventh, Eighth and Tenth Precincts of the Fourth District. The chairmen of the various boards of inspectors were present and testified that the bags appeared to be in the

same condition which they were in when they were delivered to the County Clerk.

Kinney asked that the blank ballots in the various precincts be counted, that it might be seen if the number added to the blank and votes cast equaled 1000, the total sent out by the County Clerk. Kinney also entered an objection to the counting of the ballots of two of the precincts, as the bags had been sealed with wax, but with a distinguishable seal, according to law.

Judge Frear took charge of the Sixth, Judge Wilder of the Eighth and Judge Hartwell of the Seventh.

Triple Murder

(Associated Press Special Cable)
SAN DIEGO, Cal., Dec. 3.—As the result of a dispute over land in this city today Howard Gere shot Edward Brady and his wife. The latter shot Gere. All three are dead.

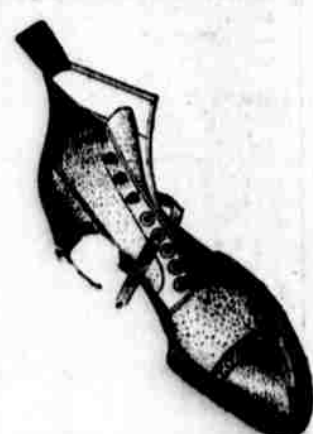

TAYLOR ON TRIAL IN POLICE COURT

The trial of A. P. Taylor for impersonating a police officer, for being unlawfully on the premises of another and for assault with a dangerous weapon, was taken up this afternoon in Judge Whitney's court. R. O. Matheron is also on trial for trespass.

The man who opened the door of Ah Kwa's house at Taylor's demand, testified that Taylor flashed a police badge on him and ordered him at the point of a revolver to open the door. Another Chinese testified to the same thing.

Sheriff Brown testified that he had never issued a commission to Taylor during his present term of office. He had issued a badge with the understanding that a commission should be issued later. The trial is not yet concluded.

Mrs. W. I. Goodwin, who was reported to have mysteriously disappeared, is living in a boardinghouse in this city. She is making her own living, and states that she left her husband because of certain differences with him.
